

August 18-22, 2019
Xi'an, P. R. CHINA

The 10th Pacific Rim International Conference on Advanced Materials and Processing

About PRICM-10

This triennial conference is the 10th in a series of international conferences devoted to advanced materials and processing. PRICM Conference is jointly sponsored by The Chinese Society for Metals (CSM), The Japan Institute of Metals and Materials (JIM), The Korean Institute of Metals and Materials (KIM), Materials Australia (MA), and The Minerals, Metals & Materials Society (TMS) and organized in rotation among these sponsoring organizations from 1992 in Hangzhou, China. The purpose of PRICM is to provide an attractive forum for the exchange of scientific and technological information on advanced materials and processing.

After 27 years, it is the third round of PRICM Conferences hosted by China. Based on the excellent performance of those previous conferences and collaborative efforts of CSM, JIM, KIM, MA and TMS, PRICM-10 will be a new leap for PRICM Conferences.

The PRICM-10 program will include plenary, keynote and invited lectures, contributed presentations in the following symposia:

- Symposium A: Advanced Steels and Processing
- Symposium B: High Temperature Structural Materials
- Symposium C: Light Metals and Alloys
- Symposium D: Advanced Processing of Materials
- Symposium E: Thin Films and Surface Engineering
- Symposium F: Biomaterials
- Symposium G: Smart and Magnetic Materials
- Symposium H: Materials Characterisation and Evaluation
- Symposium I: Composite Materials
- Symposium J: Amorphous and High Entropy Alloys
- Symposium K: Nanocrystalline Materials, and Ultra-Fine Grained Materials
- Symposium L: Computational Design and Simulation of Materials
- Symposium M: Renewable Energy and Nuclear Materials
- Symposium N: Additive Manufacturing and Powder Metallurgy
- Symposium O: Electronic and Spin-Electronic Materials

Organized by:

The Chinese Society for Metals (CSM)

Sponsored by:

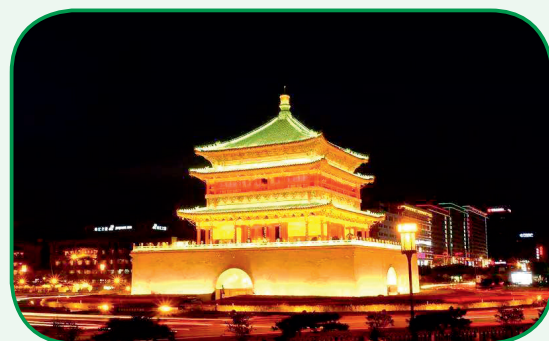

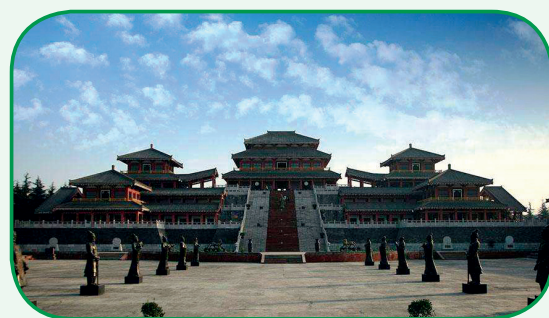

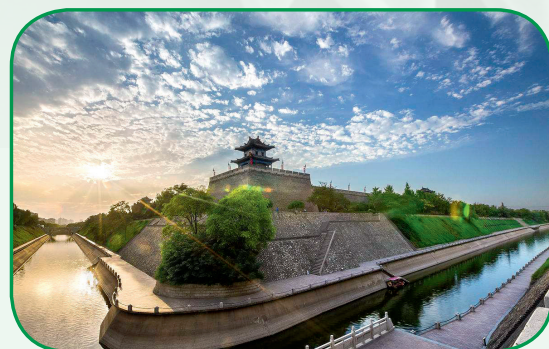

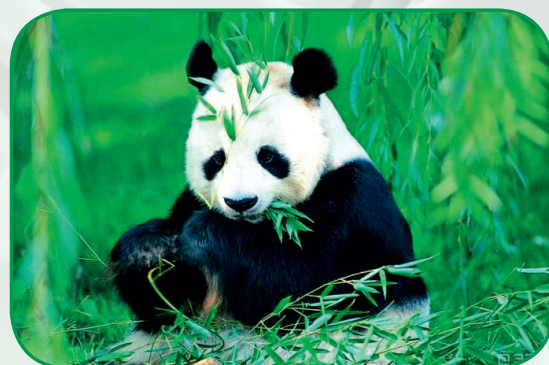

The Chinese Society for Metals (CSM)
The Japan Institute of Metals and Materials (JIM)
The Korean Institute of Metals and Materials (KIM)
Materials Australia (MA)
The Minerals, Metals & Materials Society (TMS)

Honorary Chairman

Yuqing Weng Chinese Academy of Engineering

Conference Chairman

Huibin Xu Beihang University

www.pricm10.com

International Organizing Committee Members

CSM	Chengjia Shang Zhiling Tian Guoqing Zhang Pei Zhao	University of Science & Technology Beijing Center Iron & Steel Research Institute Beijing Institute of Aeronautical Materials The Chinese Society for Metals
JIM	Yoshitsugu Kojima Nobuhiro Tsuji Satoshi Sugimoto Hideharu Nakashima	Hiroshima University Kyoto University Tohoku University Kyushu University
KIM	Young-Chang Joo Hyuck-Mo Lee Woo-Young Lee	Seoul National Univ. KAIST Yonsei University
MA	Allan Morton Ming-Xing Zhang	Monash University University of Queensland
TMS	Saryu Fensin Brajendra Mishra Dan Thoma	Los Alamos National Lab Metal Processing Institute (MPI) University of Wisconsin - Madison

International Advisory Board Members

CSM	Yafang Han Xishan Xie Zengyong Zhong	Chinese Materials Research Society University of Science & Technology Beijing The Chinese Society for Metals
JIM	Hiroshi Fukutomi Tomoyuki Kakeshita Mitsuo Niinomi	The Open University of Japan Fukui University of Technology Tohoku University
KIM	Kyung Tae Hong Chang Hee Lee Chong Soo Lee	KIST Hanyang University POSTECH
MA	Matthew Barnett Simon Ringer David StJohn	Deakin University University of Sydney University of Queensland
TMS	Diran Apelian Marc Meyers Robert Shull	Metal Processing Institute (MPI) University of California San Diego National Institute of Standards & Tech.

Secretary General

Xinjiang Wang The Chinese Society for Metals

Abstract Submission

Deadline: December 1, 2018

Website: www.pricm10.com

If there are any problems during the submission process, please contact the Conference Secretariat (email: pricm10@csm.org.cn).

In-Country Technical Representatives

CSM

Prof. Chengjia Shang
University of Science & Technology Beijing
Email: cjshang@ustb.edu.cn

JIM

Prof. Haruyuki Inui
Kyoto University
Email: inui.haruyuki.3z@kyoto-u.ac.jp

KIM

Prof. Sung-Joon Kim
POSTECH
Email: sjkim1@postech.ac.kr

MA

Prof. Jian-Feng Nie
Monash University
Email: jianfeng.nie@monash.edu

TMS

Dr. George T. Gray III
Los Alamos National Lab
Email: rusty@lanl.gov

Exhibition & Workshop

As the integral elements of the event, PRICM-10 will feature the exhibition and workshop that will enable excellent exposure for company products, technologies, innovative solutions or services. If you would like to join those activities, please contact the conference secretariat for more details.

For General Information Regarding PRICM-10, Please Contact:

Prof. Qing Song
The Chinese Society for Metals
Dongsixi Dajie 46,
Beijing 100711, China
Tel: +86-10-65211206;
Fax: +86-10-65124122
E-mail: pricm10@csm.org.cn
